Mowsil USB-C Female-to-Female 8K Coupler Adapter

Compact USB-C coupler designed to extend or join USB-C connections while supporting high-speed data, video, and power delivery performance.

Package list

1 x MCA8FC USB-C Coupler Adapter

1 x Retail box packaging

Model:**MCA8FC**

Core highlights

- USB-C female-to-female coupler adapter
- Zinc alloy shell for a premium, durable finish
- USB 3.2 compatible for high-speed connectivity
- Designed for USB-C devices and extension setups

20Gbps	100W	8K 60Hz
Data Transfer	PD Power	Video Support

1. Features & Technical Specification

20Gbps Data Speed Supports up to 20Gbps data transfer when connected with compatible devices and cables.	**8K 60Hz Video** Supports video output up to 8K 60Hz in compatible USB-C display setups.	**PD 100W Charging** Supports Power Delivery charging up to 100W with compatible chargers, cables, and devices.
USB-C Coupler Female-to-female adapter for joining or extending USB-C male cable connections.	**Zinc Alloy Body** Premium metal shell supports durability and heat dissipation.	**USB 3.2 Compatible** Designed for modern USB-C devices and high-performance USB connections.

Product Name	Mowsil USB-C Female-to-Female 8K Coupler Adapter
Model	MCA8FC
Connector	USB-C Female to Female
Data Speed	Up to 20Gbps
Video Support	Up to 8K 60Hz
Charging Support	PD 100W
Compatibility	USB 3.2 Compatible; USB-C devices
Material	Zinc Alloy
Warranty	2-Year Replacement

2. Compatibility & Use Cases

Laptop Extend or connect USB-C accessories, displays, or storage devices.	**Desktop PC** Use with USB-C ports for data, display, and charging accessory connections.
Monitor Support USB-C display connections where device, cable, and display are compatible.	**Phone / Tablet** Connect USB-C accessories in supported mobile setups.
Storage Devices Useful for USB-C SSDs, hubs, docking accessories, and extension use.	**Power Delivery** Suitable for PD charging paths when the full setup supports required wattage.

3. Performance & Construction

High-Speed Signal Path Designed to preserve high-speed USB-C connectivity for compatible data and video workflows.	**Reversible USB-C Design** USB-C interface supports convenient connection orientation on both sides of the coupler.
Compact Extension Solution Allows two USB-C male connectors/cables to be joined where a short extension or coupler is needed.	**Power Delivery Support** Supports PD 100W where charger, cable, device, and adapter are all compatible.
Video Readiness For 8K/60Hz output, the complete signal chain must support required USB-C video mode and cable specification.	**Durable Metal Shell** Zinc alloy construction supports a premium look and improved everyday durability.

Recommended Usage Notes

- Use quality USB-C cables rated for the needed speed, charging power, or video output.
- For 8K 60Hz output, ensure the laptop/phone, cable, coupler, and display all support 8K 60Hz.
- For 100W charging, use compatible PD charger and e-marker rated USB-C cable where required.
- Avoid bending the connected cable sharply at the adapter port.

4. FAQ & Support

Model	MCA8FC
Product Type	USB-C Coupler Female to Female
Front Claims	20Gbps, 100W PD, 8K 60Hz
Material	Zinc Alloy
Brand Color	Mowsil Orange 021 C / white / black
Warranty	2-Year Replacement

Does it support 8K 60Hz?	Yes, the packaging states up to 8K 60Hz. The connected device, cable, and display must also support it.
Can it charge at 100W?	Yes, it supports PD 100W with compatible chargers, cables, and devices.
Is it for USB-C cable extension?	Yes, it is a female-to-female coupler for joining USB-C male connectors/cables.
What is the body material?	Zinc alloy, as stated on the packaging.
What devices can use it?	USB-C laptops, desktop PCs, monitors, phones/tablets, and compatible USB-C accessories.

MOWSIL - Durable connectivity for modern USB-C devices.
