

Mini Display Port to HDMI Cable - 2 Mtr

SKU : MOMD2H2

SPECIFICATIONS

- MiniDP Male to HDMI Male Cable
- Cable Length : 2 Mtr
- Resolution: 4K @ 60/30 Hz
- 32 AWG ,OD 6.0 MM
- 24K Gold plated Connector

This Mini DisplayPort to HDMI Cable allows you to connect laptops with Mini DisplayPort / Mini DP / Thunderbolt 2 output to external displays, TVs, monitors, and projectors with HDMI input. It works smoothly for presentations, movies, gaming, and extended screen use with stable video output.

Gamer-friendly refresh rate and high resolution up to 4K (3840x2160@60Hz) make it an ideal choice for a smoother and clearer viewing experience.

Ideal for Mini DP / Thunderbolt 2-enabled devices such as Apple MacBook Air before 2018, Apple MacBook Pro before 2016, iMac before 2017, Microsoft Surface Pro lineup, Surface Laptop, and other laptops with Mini DisplayPort output.

Perfect for extending or mirroring your screen for work, study, movies, and presentations. The durable nylon braided cable, aluminum shell, and 24K gold-plated connectors help ensure stable signal transmission and longer service life.

Not compatible with Thunderbolt 3 / USB-C. This cable supports one-way transmission from Mini DisplayPort source device to HDMI display only

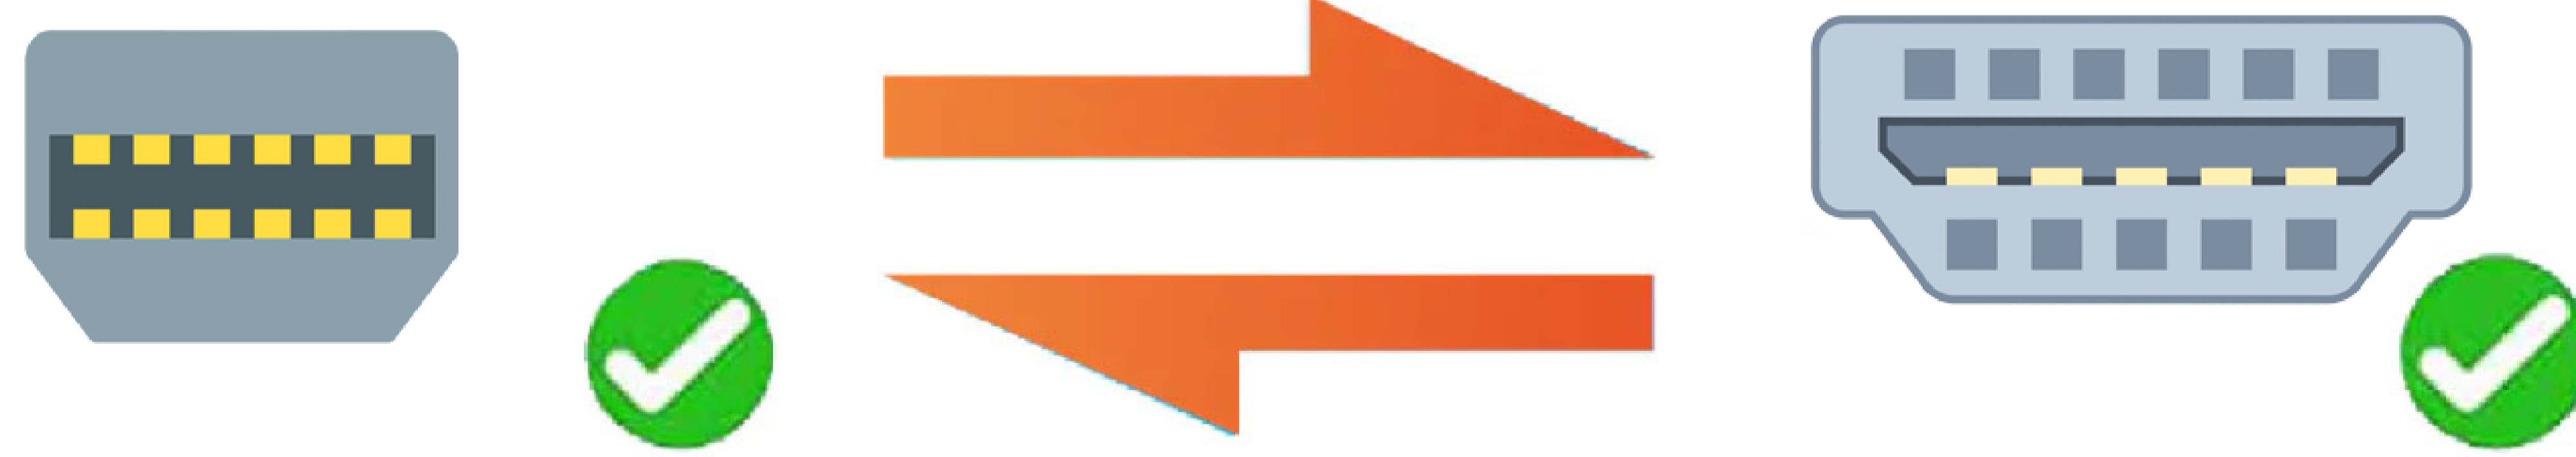

Crystal-Clear 4K UHD Resolution: Experience stunning visuals with support for 4K Ultra HD resolution at a smooth 30Hz refresh rate, delivering exceptional detail and clarity for your viewing pleasure.

Superior Signal Transfer with Gold-Plated Connectors: Benefit from corrosion resistance and optimal signal conductivity thanks to the gold-plated connectors, ensuring a stable and high-quality connection for uninterrupted viewing.

Durable and High-Quality 32AWG Construction: The 32AWG (American Wire Gauge) wire ensures excellent signal integrity and long-lasting durability, making this a reliable cable for your everyday needs.

Seamless Mini DisplayPort to HDMI Conversion: Effortlessly connect devices with a Mini DisplayPort output (MiniDP) to HDMI-enabled displays such as monitors, TVs, and projectors, expanding your display options.

High-Performance 4K MiniDP to HDMI Cord: This dedicated cable is specifically designed for high-performance 4K Mini DisplayPort to HDMI connections, ensuring compatibility and optimal performance for your 4K content..
